

Dublin City Council

Comhairle Cathrach Bhaile Átha Cliath

WASTE COLLECTION PERMIT

Waste Management (Collection Permit) Regulations, 2007
Waste Management (Collection Permit) (Amendment) Regulations 2008

Permit Register Reference Number: WCP-DC-09-1188-01

Dublin City Council being a nominated authority under Section 34(1)(aa) of the Waste Management Acts 1996 to 2010, has [by *Manager's Order Ref. No. ENV & ENG 541 /2010*] granted a waste collection permit to:

Nurendale Limited T/A Panda Waste Services

Herein after called the permit holder

Of:

Rathdrinagh, Beauparc Business Park, Navan, Co. Meath

This permit is effective from **2nd July 2010** and valid until **1st July 2015** after which the permit shall expire.

The permit holder may appeal the decision of Dublin City Council to grant this waste collection permit, in accordance with Section 34(9)(a) of the Waste Management Acts 1996 to 2010, to the judge of the Dublin District Court, being the District Court in which the principal offices of Dublin City Council is situate, within one month of the date of this permit.

Dublin City Council may at any time review, and subsequently amend the conditions under Section 34 (6) of the Waste Management Acts 1996 to 2010 and the local authority will give notice in writing of such intention to the permit holder. Otherwise an application for a review of this permit shall be made at least 60 working days prior to the expiry date of this permit to the Executive Manager (Engineering) Waste Services, Dublin City Council, Eblana House, Marrowbone Lane, Dublin 8. This permit may be revoked under article 29 of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008.

The permit holder, subject to the attached schedule of conditions is authorised by this permit to only collect the waste type(s) specified in Appendix A within the corresponding local authority areas specified in Appendix D, and to transfer waste to the facilities outlined in Appendix B, using vehicle(s) specified in Appendix C.

Signed: _____

Julianne Morrissey
Assistant Engineer

Date: _____

25/06/2010

REASON FOR THE DECISION

Dublin City Council is satisfied, on the basis of the information made available by the applicant, that subject to compliance with the conditions of this permit, the activity will not cause environmental pollution and the grant of this permit is consistent with the objectives of the Waste Management Plan for the Dublin Region and all other relevant Waste Management Plans applicable to the local authority areas listed in Appendix D and the current National Hazardous Waste Management Plan.

In reaching this decision, Dublin City Council has considered the application and supporting documentation received from the applicant and valid submissions received from the relevant local authorities, the Environmental Protection Agency (EPA) and other parties.

INTERPRETATION

Unless otherwise specified, all terms in this permit should be interpreted in accordance with the definitions in the Waste Management Acts 1996 to 2010 (the Act), and its associated regulations (as may be amended or replaced from time to time) or as defined in this permit.

References to any enactment, statutory instrument (including any bye-law), each as defined by the Interpretation Act 2005, or a regulation, directive or decision of a European Union institution in this permit shall include amendments and replacements.

References in this permit to Dublin City Council shall be taken to mean Dublin City Council as nominated authority for the Dublin Region under section 34(1)(aa) of the Waste Management Act, 1996 to 2010 and pursuant to article 4(2) of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 or such other authority as may be nominated for the Dublin Region under this provision.

INSTRUCTIONS

Sections 1 – 5 of this collection permit sets out for the permit holder general conditions relating to the collection of waste.

Section 6 of this collection permit sets out for the permit holder general conditions for the collection of specific waste streams. All conditions set out in this section are to be complied with in conjunction with the conditions set out in section 7.

Section 7 of this collection permit sets out for the permit holders regional specific conditions for the collection of particular waste streams in accordance with the relevant Waste Management Plan for that region. In the event of any inconsistency or conflict between the conditions in section 1 - 6 of this permit and the conditions in section 7, the conditions in section 7 shall prevail.

CONDITIONS

1. Scope of permit

- 1.1 The permit holder is authorised to collect only the wastes specified in condition 1.3 in the corresponding local authority areas specified in Appendix D.
- 1.2 The permit shall be read in conjunction with such bye-laws for the time being in force as referred to in condition 2.7 of this permit.
- 1.3 The permit holder shall only collect such wastes which are listed in Appendix A of this permit or such later revision to the said appendix as Dublin City Council may issue by way of revised Appendix A.
- 1.4 The permit holder shall give notice in writing to Dublin City Council of any proposed changes in the waste collection activity in advance of any such change coming into effect. The permit holder shall obtain the written agreement of Dublin City Council before implementing any such change.
- 1.5 This permit and any condition imposed therein shall not relieve the permit holder of any statutory obligations.
- 1.6 Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 and Section 34(1) of the Waste Management Act, 1996 to 2010.
- 1.7 This permit is non-transferable.

2. Management of the activity

- 2.1 Without prejudice to its obligations under this permit, the permit holder shall at all times ensure that it carries on its waste collection activities in a manner that is consistent with the objectives of the Waste Management Plan for the Dublin Region (as may be varied or replaced from time to time) and all other relevant waste management plans (as may be varied or replaced from time to time and with the objectives of the current National Hazardous Waste Management Plan.
- 2.2 The permit holder shall ensure that where waste collected under this permit is transferred to a facility for the purpose of a recovery or disposal activity
 - (a) there is in force a waste licence, facility permit, certificate of registration or IPPC licence in relation to the carrying on of the activity concerned at that facility; unless such activities are exempted from regulation under the Waste Management Acts 1996 to 2010.
 - (b) that planning permission, or a certificate of exemption from such permission, is in place for such a facility.
- 2.3 The permit holder shall not transfer waste to a facility under condition 2.2 of this permit unless the waste activity at that facility is authorised under:
 - (a) section 39(1) of the Act, in the case of a facility subject to licensing; or
 - (b) section 82 of the Environmental Protection Agency Acts, 1992 to 2007; or
 - (c) article 4 of the Waste Management (Permit Regulations), 1998 in the case of an activity specified in Part I or part II of the First Schedule of the said Regulations; or
 - (d) article 6 of the Waste Management (Facility Permit and Registration) Regulations, 2007 and the Waste Management (Facility Permit and Registration) (Amendment) Regulations, 2008, in the case of an activity specified in Part 1 and Part 11 of the Third Schedule, or

- (e) article 7 of the Waste Management (Registration of Sewage Sludge Facility) Regulations 2010, or
 - (f) other facilities as agreed by Dublin City Council.
- 2.4 The permit holder shall only transfer waste to the authorised facilities which are listed in Appendix B of this permit or such later revision of the said appendix as Dublin City Council may issue.
- 2.5 Where the permit holder proposes to transfer waste to facilities other than those set out in Appendix B, the permit holder shall submit the following details in to Dublin City Council for inclusion in Appendix B prior to transferring any waste to such facilities in accordance with condition 2.3 above:
- (a) origin of waste material;
 - (b) description of waste including European Waste Catalogue (EWC) code;
 - (c) location, ownership details, and contact number of the authorised facility;
 - (d) waste permit or licence details of the authorised facility;
 - (e) written confirmation from the operator of the authorised facility that the said waste will be accepted there;
 - (f) planning permission reference number or a certificate of exemption from such permission for the facility.
- 2.6 The permit holder shall carry or cause to be carried at all times a copy of this permit including the latest revision of all appendices on each vehicle listed in Appendix C.
- 2.7 Where any local authority, for the purposes of the proper management of waste and the prevention and control of environmental pollution, has made bye-laws relating, inter alia, to the storage, presentation and/or segregation for the purpose of and in the course of the collection of waste or for the recovery or disposal of waste in accordance with Part 19 of the Local Government Act, 2001 (in substitution for Part VII of the Local Government, 1994) or in accordance with Section 35 of the Waste Management Act 1996 to 2010 (hereinafter referred to as 'bye-laws'), the permit holder shall not collect waste in the functional area of the said local authority unless it has been stored, presented and/or segregated in accordance with the requirement of the said bye-laws.
- 2.8 Where household or commercial waste has been segregated prior to collection, the permit holder shall ensure that this fraction is separately collected in its entirety, not remixed, and transferred to a suitable authorised facility as referred to in Condition 2.4 of this permit.
- 2.9 The permit holder shall identify all hazards associated with the waste being collected, and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.
- 2.10 The permit holder shall have in place a documented Emergency Response Procedure (ERP), which shall address any emergency incident that may arise. This procedure shall provide for as a minimum, an emergency response unit, replacement vehicles and clean-up equipment in order to minimise the effects of the emergency on the environment. The permit holder shall maintain a copy of the ERP at the principal place of business of the permit holder.
- 2.11 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with and comprehend the conditions of this permit and the ERP.
- 2.12 The permit holder shall clean up immediately any spillage of waste, which occurs in the course of the collection operation, in a manner, which will not cause environmental pollution. The permit holder shall carry an emergency spillage kit on each vehicle listed in Appendix C, of this permit or such later revision of the said appendix as Dublin City Council may issue, at all times, to deal with minor spillages.
- 2.13 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates.

- 2.14 The permit holder shall include their permit number, name of the issuing authority and the name of the legal entity to whom the permit has been issued in all promotional material, dockets and correspondence issued by the permit holder in accordance with this permit.
- 2.15 The permit holder shall collect, transport, store, dispose of and/or recover waste in a manner so as to prevent pollution, contamination and deterioration of groundwater in accordance with Council Directive 80/68/EEC on the protection of groundwater against pollution caused by certain dangerous substances and Directive 2006/118/EC of the European Parliament and of the Council on the protection of groundwater against pollution and deterioration and also with Council Directive 2000/60/EC of the European Parliament and of the Council establishing a framework for community action in the field of water policy.
- 2.16 The permit holder shall ensure that where biowaste collected under the waste collection permit is transferred to a composting or biogas facility for the purpose of treatment and where animal by-products form all or part of that biowaste, that the facility has been approved in writing by the nominated authority for use by the permit holder and there is in force an appropriate veterinary authorisation issued by the Minister for Agriculture and Food in accordance with article 10 (6) of the European Communities (Transmissible Spongiform Encephalopathies and Animal By- Products) Regulations 2006 (S.I. No. 612 of 2006).
- 2.17 The permit holder shall take steps to ensure that all or a specified proportion, of waste collected by the permit holder, or class or classes of such waste, is source-segregated, treated or recovered, in such manner so as to secure the objectives of the Waste Management Plan for the Dublin Region and all other relevant Waste Management Plans applicable to the local authority areas listed in Appendix D and all National and EU targets for the recovery, recycling and treatment of waste.

In particular the permit holder shall ensure that waste is:

- (a) where practicable and having regard to the waste hierarchy, delivered to authorised facilities which reuse, recycle or recover waste;
 - (b) presented, collected, handled and transported in a form which enables the authorised facilities to which the waste is delivered to comply with specific conditions contained in, as the case may be, the waste licence, IPPC licence, waste facility permit or certificate of registration in relation to performance targets established for the levels of recycling or recovery of waste.
- 2.18 The permit holder shall ensure that where waste that has been source segregated by the waste producer, it shall not be sent for disposal or collected, transported, mixed or handled so as to make it, in the opinion of the nominated authority, unsuitable for recycling or recovery by the permit holder.
- 2.19 The permit holder shall ensure at all times that waste collection activities are carried out in accordance with the provisions of Council Directive 75/442/EEC of 15 July 1975 on waste as amended by Council Directive 91/156/EEC of 18 March, 1991 and codified under Directive 2006/12/EC of the European Parliament and of the Council of 8 December 2003 and Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 as applicable.

3 Vehicles, Skips, Containers, Trailers and Receptacles

- 3.1 The permit holder shall only use the vehicles as have been notified in writing to Dublin City Council and subsequently agreed, which are listed in Appendix C to this permit or such later revision of the said appendix as Dublin City Council may issue, for the purposes of the activity to which this permit relates. Vehicles listed in Appendix C may not be included in any other waste collection permit at any one time other than a waste collection permit issued to the same legal entity in a different region.

- 3.2 The permit holder shall notify Dublin City Council in advance of the type and identifying mark of any collection vehicle to be owned or hired/leased and used for the collection of waste under the terms of the permit, including particulars of the relevant vehicle registration document.
- 3.3 The permit holder shall notify Dublin City Council of the type and identifying mark of any collection vehicle which is being hired/leased in on a temporary basis from a third party by the permit holder and used for the collection of waste under the terms of the permit, within 1 working day of the hire/lease of such a vehicle, including particulars of the relevant vehicle registration document.
- 3.4 All vehicles, skips, tankers, trailers or containers used by the permit holder for the purposes of the activity to which this permit relates, shall be fit for purpose.
- 3.5 All vehicles, skips, tankers, trailers, containers and receptacles used by the permit holder for the purposes of the activity to which this permit relates shall be washed down as required in an appropriate manner and at an appropriate facility so as not to cause environmental pollution.
- 3.6 Each vehicle used for the purposes of the activity to which the permit relates and that is listed in Appendix C of this permit or such later revision of the said appendix as Dublin City Council may issue, shall be marked with the following information in clearly legible indelible lettering at least 75 millimetres high:
- (a) name of the permit holder;
 - (b) waste collection permit number.
- 3.7 Each skip, tanker, trailer or container used for the purposes to which this permit relates, unless otherwise approved by Dublin City Council in writing, shall be marked on at least two sides with the following information in visible, legible and indelible lettering at least 75 millimetres high:
- (a) name of the permit holder;
 - (b) waste collection permit number;
 - (c) a unique identification number for the skip, tanker or container.
- 3.8 In regions where bag collections are permitted for municipal waste the permit holder shall ensure that all bags clearly identify:
- (a) name of the permit holder;
 - (b) waste collection permit number.
- 3.9 The permit holder shall ensure that all consignments of waste are appropriately covered during transit to prevent spillage, dust, litter or other nuisance.
- 3.10 The permit holder when using a skip or other such receptacle (including skip bags) for the purposes of the activity to which this permit relates shall provide the hirer with a written agreement detailing:
- (a) the types of wastes, which may be placed in the skip as, listed in condition 1.3 of this permit;
 - (b) that the skip will be removed within as soon as is practicable after it has been fully loaded unless otherwise agreed in writing with the local authority.
- 3.11 The permit holder shall ensure that skips and other such receptacles left in a public place (as defined in the Litter Pollution Acts 1997 (as amended)) shall carry reflectors or lighting so that they are clearly visible during a period when vehicles are required to be lighted.
- 3.12 The permit holder shall notwithstanding the provisions of any bye-law made under section 72 of the Roads Act 1993 ensure that skips and other such receptacles (including skip bags) left on a public road shall be sited or deposited for no more than 3 days.

- 3.13 No skip, tanker, trailer or container used by the permit holder for the purposes of the activity to which this permit relates and which contains waste shall be left in a public place (as defined in the Litter Pollution Acts 1997 and 2003), other than where it is initially filled, unless it is on or attached to a mechanically propelled vehicle, which is in transit to an authorised facility listed in Appendix B of this permit or such later revision of the said appendix as Dublin City Council may issue.
- 3.14 The permit holder shall ensure that all wheeled bins used for the collection of municipal waste shall comply with standard IS EN840 parts 1-6, unless otherwise agreed with Dublin City Council.
- 3.15 All waste receptacles used for the collection of municipal waste (including separately collected fractions) shall be identified with the name, address and telephone number of the permit holder in clearly legible lettering and a unique customer reference number. The permit holder shall supply the name and address of a customer to whom a reference number applies on request. The permit holder shall submit written details of the identification system to Dublin City Council for approval on request.
- 3.16 Where the permit holder provides segregated collections for different types of recyclable, compostable or recoverable materials, they shall provide waste recycling receptacles, which are designed for reuse (excluding regions where bag collections are permitted).

4 Notification and Record Keeping

- 4.1 The permit holder shall notify Dublin City Council in relation to any conviction for an offence prescribed under article 21 of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 or any requirement of an order under the Waste Management Act 1996 to 2010, within 5 working days of such conviction or the imposition of such a requirement.
- 4.2 The permit holder shall notify the relevant local authority (i.e. the local authority in whose area the incident occurs) immediately after the occurrence of any incident connected with the waste collection activity that caused or has the potential to cause environmental pollution or a threat to human health. The permit holder shall include as part of the notification the date, time, location and a full description of the incident. The permit holder shall also send a written record of the incident to Dublin City Council within 1 week of the incident. This written record of the incident shall include the following information:
- (a) the date, time and location of the incident;
 - (b) a full description of the incident;
 - (c) details of any measures taken to prevent or reduce environmental pollution or harm to human health which was caused or may be caused by the incident; and
 - (d) details of steps taken to avoid recurrence of similar incidents.
- 4.3 The permit holder shall compile and maintain specified records for the collection of waste, for a period not less than 7 years, records shall include as a minimum the following:
- (a) European Waste Catalogue (EWC) code for each waste type and indicate whether or not the waste is hazardous;
 - (b) description of waste;
 - (c) quantity (in units of tonnes or litres) of waste collected;
 - (d) the local authority area of origin of the waste;
 - (e) the source of the point of collection of waste;
 - (f) the name, address and licence, permit or certificate of registration number of the authorised waste facility to which the consignment of waste will be delivered;
 - (g) the nature of the activity carried on at the authorised waste facility to which waste is delivered (i.e. Treatment, recovery or disposal);
 - (h) the name and waste collection permit number of the permit holder;

- (i) date of waste collection;
 - (j) waste collection vehicle registration number;
 - (k) customer name and address;
 - (l) signature of the vehicle driver;
 - (m) signature of a representative of the authorised waste facility.
- 4.4 The permit holder shall use a docket system to compile the records as outlined in condition 4.3. An individual docket record shall accompany each waste load on the vehicle that the waste docket refers to until control of the waste is transferred to an authorised facility specified in Appendix B of this permit. The permit holder shall also maintain up-to-date summaries of the information in condition 4.3 in respect of waste collected by the permit holder in each calendar month. The dockets/records must be maintained at the principal place of business for a period not less than 7 years. These records shall be available for inspection at the principal place of business during normal working hours by authorised officers of any relevant local authority and any other person authorised under Section 14 of the Waste Management Acts 1996 to 2010. The permit holder shall comply with the provisions of this condition unless otherwise agreed in writing by Dublin City Council.
- 4.5 The permit holder shall, not later than 28th February in each year furnish to Dublin City Council in such form as may be specified by Dublin City Council an Annual Report (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year or part thereof, as the case may be. The AR shall be a summary of the records maintained under Condition 4.4 of the permit. The AR shall contain the following information, in summary form, in respect of waste collected by the permit holder in the preceding calendar year:
- (a) local authority area of origin of waste;
 - (b) source of waste;
 - (c) European Waste Catalogue (EWC) code for each waste type and indicate whether or not the waste is hazardous;
 - (d) description of waste;
 - (e) quantity (in tonnes) of each waste type collected;
 - (f) destination of waste (authorised facility name and address);
 - (g) waste licence, permit or certificate of registration register reference number of authorised facilities to which waste is delivered;
 - (h) country of destination (if exported abroad);
 - (i) the TFS notification number if the waste is exported abroad;
 - (j) the total number of households served with kerbside collection for residual, mixed dry recyclable and organic wastes from which the permit holder collected waste per each local authority functional area;
 - (k) the nature of the activity carried on at the authorised waste facility to which waste is delivered (i.e. disposal or recovery).

The information specified above shall be filled in on the AR form which is available on the Dublin City Council website at the following Internet address:
<http://www.dublincity.ie/WaterWasteEnvironment/Waste/WasteCollectors/WasteRegulationsOffice/Pages/WastePermits.aspx>

The completed form shall be submitted by the 28th February each year in respect of the preceding calendar year to Dublin City Council by e-mail to CPDstats@dublincity.ie. AR forms can only be submitted in alternative formats following written agreement with Dublin City Council.

The information specified above shall be used to produce community statistics on the generation, recovery and disposal of waste as set out by Regulation (EC) 2150/2002.

4.6 A copy of all correspondence sent to and received from Dublin City Council regarding this waste collection permit shall be kept at the address of the principal place of business for at least 7 years following the date on which the correspondence is sent or received respectively and shall be made available for inspection by any authorised person.

4.7 All communications from the permit holder to Dublin City Council shall be addressed in writing by the permit holder to the following address: Executive Manager, Dublin City Council, Waste Management Services, 68-70 Marrowbone Lane, Dublin 8 unless otherwise specified. Permit holders are required to include their Waste Collection Permit Number on all correspondence. This condition does not apply in respect of the Annual Report as described in condition 4.6.

5 Charges and Financial Provisions

- 5.1 The permit holder shall defray or contribute towards any costs as may reasonably be incurred by Dublin City Council or any relevant local authority as prescribed in articles 14 and 20(3)(d), other than required under article 8 in accordance with the third schedule of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008, and which costs shall not exceed the actual expenditure reasonably incurred by the authority in inspecting, monitoring, auditing, enforcing or otherwise performing any functions in relation to the activity.
- 5.2 The permit holder shall effect and maintain appropriate and adequate policies of insurance insuring him or her as respects any liability on his or her part to pay damages or costs on account of injury to person or property arising from the activities concerned.
- 5.3 Without prejudice to the foregoing, the minimum level of indemnity to be maintained by the permit holder shall be to the value of €6,500,000 for Public Liability Insurance including cover for sudden and unforeseen pollution and €6,500,000 for third party property damage Motor Insurance. In both cases noting an indemnity to all relevant Local Authorities in the Republic of Ireland.

6 Conditions Specific to Waste Types

6.1 Animal by-products

The permit holder is not permitted to collect this waste type unless exempt under Article 30 (1)(g) of the Waste Management (Collection Permit) Regulations, 2007 as amended by the Waste Management (Collection Permit) (Amendment) Regulations, 2008.

6.2 Batteries and Accumulators

The permit holder is not permitted to collect this waste type.

6.3 Bulky Municipal Waste

The permit holder is not permitted to collect this waste type.

6.4 Commercial and Industrial Waste

6.4.1 The permit holder shall, in accordance with this permit and in particular in accordance with the provisions of condition 2.7 hereof, implement and maintain a separate system for kerbside collection of dry recyclables from commercial and industrial premises. Details of compliance with this requirement shall be submitted to Dublin City Council within 1 month from the date hereof.

6.4.2 Source separated waste shall not be mixed or remixed during collection.

6.4.3 Where a local authority has made bye-laws requiring the separate collection of the biodegradable fraction of municipal waste from commercial and industrial premises, the permit holder shall implement and maintain a separate system for the kerbside collection of biodegradable waste from commercial and industrial premises within the functional area of that local authority. Details of compliance with this requirement shall be notified in writing to the said local authority within 1 month of the adoption of the said bye-laws or in the case of existing bye-laws within 1 month from the date hereof.

6.4.4 The permit holder shall provide separate receptacles for packaging waste, which has been segregated in accordance with the Waste Management (Packaging) Regulations, 2007 or as amended, and in accordance with the Packing Directive 94/62/EC as amended by Directive 2004/12/EC of the European Parliament and of the Council of the 11th February 2004.

6.4.5 The permit holder shall not collect packaging waste for disposal from a producer, without first receiving a written declaration as required under article 31(1)(b) of the Waste Management (Packaging) Regulations, 2007 or as amended.

6.5 Construction and Demolition Waste

6.5.1 The permit holder shall not mix or remix source segregated construction and demolition wastes during collection and transport to ensure compliance with national targets for the recovery, recycling and re-use of construction and demolition wastes.

6.5.2 The permit holder shall, where appropriate, ensure that loads containing dry, fine, materials are properly covered (closed or sheeted) or sprayed prior to transport to prevent nuisance.

6.5.3 The permit holder shall ensure that no waste is deposited on the public road during the collection and transportation of the waste.

6.5.4 The permit holder shall not collect soil contaminated with hydrocarbons, hazardous waste or dangerous substances, unless permitted to do so in accordance with condition 1.3 and as listed in Appendix A.

- 6.5.5 The permit holder shall ensure that no pollutants or other waste types are allowed to contaminate loads destined for recovery, recycling or reuse. The permit holder shall transfer contaminated loads to authorised facilities where segregation/treatment can be carried out.
- 6.5.6 The collection of construction and demolition wastes that are hazardous in nature is additionally subject to the conditions specified for hazardous wastes.
- 6.5.7 The permit holder shall only transfer the control of gypsum wastes to an authorised person for recovery or for disposal in accordance with the Council Decision of 19 December 2002 establishing criteria and procedures for the acceptance of waste at landfills pursuant to Article 16 of and Annex to Directive 1999/31/EC [2003/33/EC].

6.6 End-of-Life Vehicles

The permit holder is not permitted to collect this waste type.

6.7 Food Waste

- 6.7.1 The permit holder shall ensure that food waste is collected, treated and recycled in accordance with the Waste Management (Food Waste) Regulations S.I. No. 508 of 2009.

6.8 Hazardous Waste

- 6.8.1 The permit holder shall not mix hazardous waste with other hazardous or non-hazardous waste types prior to or during collection and transportation.
- 6.8.2 The permit holder shall maintain records of all hazardous waste movements and shall comply with the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), the Council Directive 91/689/EEC with the Waste Management (Transfrontier Shipment of Waste) regulations, 2007 (S.I. No. 419 of 2007) and with Council Regulation (EU) No. 1013/2006 of 14th June 2006 on the supervision and control of shipments of waste within, into and out of the European Community. Accordingly, no movement of hazardous waste from point to point within the state should take place without a C1 form being completed. Where waste is to be exported, a transfrontier shipment of waste authorisation should be in place. A movement tracking form should be submitted three days in advance of individual shipments taking place.
- 6.8.3 A European Waste Catalogue (EWC) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the requirements of the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998).
- 6.8.4 The permit holder shall ensure that all movements of hazardous waste comply with the requirements of the Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007) and the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR) 2007.
- 6.8.5 The permit holder shall ensure that all receptacles used for the collection of hazardous waste are clearly identified as containing hazardous waste. The permit holder shall also be aware of the labelling requirements for transporting hazardous wastes under the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), Carriage of Dangerous Goods by Road Regulations 2007 (S.I. 288 of 2007).
- 6.8.6 The permit holder shall include in their emergency response procedure a backup plan (called the rejection procedure) to deal with an event that a hazardous waste load is rejected at an authorised facility listed in Appendix B. Any load of hazardous waste that is rejected shall be treated as an incident and reported as per condition 4.2.
- 6.8.7 All vehicles used for the collection and transport of hazardous material shall be clean, dry and residue-free prior to commencement of loading of any new consignment of hazardous waste. If vehicles are to be used for the collection of any other waste types, they shall be decontaminated at an appropriate facility prior to use.

- 6.8.8 Where the permit holder collects waste containing asbestos fibres or dust, care must be taken to ensure that the waste is treated and packaged so as to prevent the release of asbestos particles into the environment in accordance with Council Directive 87/217/EEC.
- 6.8.9 Where a permit holder collects waste containing ozone depleting substances care must be taken to ensure that the waste is collected and stored in accordance with Regulations (EC) No. 2037/2000, as amended by Council Regulations (EC) No.'s 2038/2000, 2039/2000, 1804/2003, Commission Regulation (EC) No. 2077/2004, Commission Regulation (EC) No. 29/2006 and Commission Regulation (EC) No. 1784/2006.
- 6.8.10 Where a permit holder collects waste containing fluorinated greenhouse gases care must be taken to ensure to that the waste is collected and stored in accordance with Regulation (EC) No. 842/2006.
- 6.8.11 Where a permit holder collects waste containing persistent organic pollutants care must be taken to ensure that the waste is collected and stored in accordance with Regulation (EC) No 850/2004 of the European Parliament and the Council of 29 April 2004 on persistent organic pollutants and amending Directive 79/117/EEC, as amended by Council Regulation (EC) No. 1195/2006 and Council Regulation (EC) No. 172/2007.

6.9 Household Waste

- 6.9.1 Where the permit holder collects kerbside waste from domestic premises, the permit holder shall, in accordance with this permit and in particular Condition 2.8 hereof, implement and maintain a separate system for kerbside collection of dry recyclables from domestic premises. Details of compliance with this requirement shall be submitted to Dublin City Council prior to commencement of waste collection activities.
- 6.9.2 Where a local authority has made bye-laws requiring the separate storage, presentation and/or segregation of the biodegradable fraction of municipal waste from domestic premises, and/or where the permit holder collects kerbside waste from domestic premises, the permit holder shall implement and maintain a separate system for the kerbside collection of biodegradable waste from domestic premises within the functional area of that local authority.
- 6.9.3 The permit holder shall ensure that source separated waste shall not be mixed or remixed during collection and all separately collected fractions be separately collected in its entirety and not mixed or remixed with any other waste fraction, and transferred to an authorised facility as referred to in condition 2.4 of this permit. Details of compliance with this requirement shall be notified in writing to the said local authority within 1 month of the adoption of the said bye-laws or in the case of existing bye-laws within 1 month from the date hereof.
- 6.9.4 The permit holder shall operate a charging regime, which gives effect to the polluter pays principle and the relevant Waste Management Plan in the region where the waste collection activities are to take place. This shall be achieved by implementing a 'pay by use' system in order to:
- (a) ensure the lowest possible levels of presentation of waste;
 - (b) ensure the optimum segregation of waste presented and collected; and
 - (c) maximise waste recycling and recovery.

Full details of the charging regime clearly demonstrating full compliance with this requirement whether a pay by tag, pay by lift, pay by weight or alternative system shall be submitted to the relevant local authority and nominated authority within 1 month of the request of the relevant authority. The relevant local authority for the purposes of this paragraph is the local authority in respect of which applicable bye-laws are in force or, where no applicable bye-laws are in force, Dublin City Council as nominated authority. Upon being satisfied that such charging regime gives effect to the polluter pays principle and the relevant Waste Management Plan in the relevant region, this charging regime will be made a condition of this permit.

- 6.9.5 Where the permit holder collects kerbside waste from domestic premises, the permit holder shall notify Dublin City Council and all persons availing of their domestic waste collection service of the frequency of collection and, a minimum of 10 working days in advance of any alternative arrangements made for collection in relation to public holidays etc., or of any proposal to cease or reduce the level of collection.
- 6.9.6 The permit holder shall provide segregated collection arrangements for household waste, at a frequency as may be specified by Dublin City Council, for different types of recyclable, compostable, or recoverable materials where Dublin City Council considers it practicable to do so.
- 6.9.7 Where the permit holder collects kerbside waste from domestic premises, the permit holder shall implement an education and awareness programme. The programme shall include, unless otherwise agreed with Dublin City Council:
- (a) timetable for implementation of the education and awareness programme;
 - (b) details of mail-shots and leaflet drops;
 - (c) details of newspaper advertisements;
 - (d) details of a customer help-line including details of staff training;
 - (e) procedures for rejected/contaminated materials;
 - (f) any agreed program shall be implemented within three months following the date of agreement;
 - (g) the permit holder shall send a copy of all promotional material to the Dublin City Council, Waste Management Services, 68-7- Marrowbone Lane, Dublin 8.
- 6.9.8 Any permit holder collecting waste in bags shall ensure that all bags clearly identify the:
- (a) name of the waste collection company;
 - (b) waste collection permit number.
- 6.9.9 The permit holder shall ensure that household waste is collected in accordance with the objectives of any relevant Regional Waste Management Plan.

6.10 Incineration Waste

The permit holder is not permitted to collect this waste type.

6.11 Sludges and Septic Tank Waste

- 6.11.1 Sludges, including septic tank sludge and sludges whose recovery is exempt from the requirement to hold a waste licence under Section 39 of the Waste Management Act, 1996 to 2010 by virtue of Section 51(2)(a) of the Act, shall only be spread on landbanks with a nutrient management plan approved by the local authority that has administrative authority in respect of the lands on which it is to be spread. The Permit Holder shall ensure that the spreading of sludges on landbanks is carried out in accordance with current guidelines, codes of practice and relevant legislation including the European Communities (Good Agricultural Practice for Protection of Waters) Regulations, 2006 (S.I. 378 of 2006). Septic tank sludge may alternatively be deposited at an authorised facility. For the purpose of this condition a landbank covers lands used for spreading or treating waste with a consequential benefit for an agricultural activity or ecological system.
- 6.11.2 The permit holder shall ensure where wastes collected originate from an Integrated Pollution Prevention and Control (IPPC) licensed facility, that the waste shall be transported to authorised facilities which are either:
- (a) governed in accordance with the conditions of the IPPC licence and where written agreement has been received from the Environmental Protection Agency; or
 - (b) operated in accordance with a Nutrient Management Plan as approved in writing by the relevant Local Authority under Section 66 of the Waste Management Act 1996-2010 and the Good Agricultural Practice for protection of waters regulations, 2009 (S.I. No. 101 of 2009).

6.11.3 The permit holder shall be familiar with the requirements placed on holders of waste arising from bye-laws made by any of the local authorities listed in Appendix D under Section 21 of the Local Government (Water Pollution) Act, 1990 and shall keep a copy of all such bye-laws at the address of the principal place of business. The permit holder shall not spread waste on lands unless it is in accordance with the requirements of the bye-laws in force in the local authority area concerned.

6.12 Waste Electrical and Electronic Equipment

6.12.1 The permit holder shall ensure that Waste Electrical and Electronic Equipment (WEEE) is collected, treated and recycled in accordance with the WEEE Directive 2002/96 EC as amended by Directive 2003/108 EC.

6.12.2 WEEE shall only be collected, handled, transported and stored in a manner so as to avoid damage that would prevent equipment or components from being reused, recycled or recovered. The permit holder shall transport fluorescent tubes in suitable containers to prevent damage in transit.

6.12.3 WEEE shall only be transported to a designated civic amenity site, collection point or authorised facility in accordance with condition 2.3.

6.12.4 Where WEEE collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC), the permit holder shall adhere to the special conditions relating to collection of hazardous waste.

6.12.5 The permit holder shall not crush hazardous WEEE or remove hazardous substances and components prior to treatment and de-pollution.

6.13 Waste Oils

The permit holder is not permitted to collect this waste type.

6.14 Waste Tyres

6.14.1 The permit holder may only supply waste tyres to person(s) in accordance with article 17 of the Waste Management (Tyres and Waste Tyre) Regulations 2007 (S.I. 664 of 2007).

6.14.2 In accordance with the Waste Management (Tyres and Waste Tyres) Regulations 2007 and any subsequent amendments the permit holder shall either register with each local authority in whose functional area they collect or intend to collect waste tyres in accordance with the provisions of Part IV of the Regulations, OR become a member of an approved body established in accordance with the provisions of Part VII of the Regulations.

7 Conditions Specific to Regions

7.1 Connaught No specific conditions for this region

7.2 Cork

7.2.1 The Permit Holder shall only be permitted to carry out waste collection activities in accordance with the policies and objectives of Cork County Council's Waste Management Plan and any variations thereof.

7.2.2 Within 1 month of the date of grant of this permit, the permit holder shall register on Cork County Council's Sewage Sludge Register System. The permit holder shall record specific details of each consignment of sewage sludge (as defined under the Waste Management (Use of Sewage Sludge in Agriculture) Regulations 1998 as amended) which he/she/it transports within Co. Cork and shall input these details into Cork County Council's central electronic database via the internet on a monthly basis unless otherwise agreed in writing with Cork County Council

7.3 Donegal No specific conditions for this region

7.4 Dublin

The following conditions apply for the collection of wastes in the functional areas of Dublin City Council, Dun Laoghaire Rathdown County Council, Fingal County Council and South Dublin County Council, hereafter known as the Dublin Region. These conditions are without prejudice to any appeal that may be taken in respect of the judgements of Mr Justice McKechnie, High Court Record Nos. 420JR/2008, 460JR/2008 and others, and to the outcome of any such appeal.

7.4.1 The permit holder shall ensure that all, or such specified proportion, of waste or a type thereof, collected by the permit holder in the Dublin Region is delivered to and deposited with and treated and/or reused and/or recovered and/or recycled at such tier(s) in the EU Waste Hierarchy as specified in the Waste Management Plan for the Dublin Region 2005-2010 (as may be varied or replaced from time to time) so designated by the relevant local authority in whose functional areas the waste collection activities are being carried out. The permit holder may treat any such tier designated by the local authority to include all higher tiers within the EU Waste Hierarchy.

7.4.2 The permit holder shall only be permitted to carry out waste collection activities in accordance with the policies and objectives of the Waste Management Plan for the Dublin Region 2005-2010 (as may be varied or replaced from time to time).

7.4.3 Deleted.

7.4.4 The permit holder shall not collect glass co-mingled with other dry recyclable wastes from domestic premises in the dry recyclable bin. The policy of the Dublin Region for the collection of glass from domestic premises in terms of environmental performance and ranking is as follows:

- (a) Bring banks (with separate banks for clear, green and brown glass)
- (b) Kerbside collection of glass in a separate receptacle

This condition shall not apply to this permit holder in the local authority area of Dún Laoghaire Rathdown County Council on the provision that the permit holder complies with the requirements of the Section 8 (i) of the Dún Laoghaire Rathdown County Council Storage, Presentation and Collection of Household and Commercial Waste Byelaws 2009 including:

- a) obtaining approval from Dún Laoghaire Rathdown County Council prior to collecting the additional waste stream

- b) satisfying Dún Laoghaire Rathdown County Council and Dublin City Council that appropriate arrangements are in place to recycle such material to an acceptable level at an authorised facility

7.5 Kildare

- 7.5.1 The permit holder shall only be permitted to carry out waste collection activities in accordance with the policies and objectives of Kildare County Council's Waste Management Plan and any variations thereof.

Kildare Household Waste Conditions

- 7.5.2 The permit holder shall ensure that a separate system for kerbside collection of organic waste from households (in urban areas) shall be implemented in 2010 to achieve the targets in the "EU Landfill Directive (1999/31/EC) for Diversion of Biodegradable Waste from Landfill". Details on the collection of organic waste from households shall be submitted in writing to Kildare County Council by the 31st December each year.
- 7.5.3 The permit holder shall provide any apartment complexes it collects from with a source separated collection system in accordance with the policy objectives of the Waste Management Plan for County Kildare and any variation thereof. Separate wheelie bins are to be provided for the source separate collection of dry recyclables and mixed residual wastes.
- 7.5.4 Permit holders collecting from apartment complexes are required to provide a separate collection of organic waste provided the waste storage arrangements at the apartment complex are suitable. The permit holder is required to complete a suitability assessment of each apartment complex from which the permit holder collects. Guidance on the nature of the assessment to be undertaken is provided in the EPA Report, "Organic Waste Management in Apartments (2005-WRM-DS-23-M1)", and the permit holder shall submit details of the assessment to Kildare County Council for review and approval.

Kildare Commercial and Industrial Waste Conditions

- 7.5.5 Where the permit holder provides for the collection of commercial and or industrial waste they shall provide a source separate collection system in the County of Kildare in accordance with the policy objectives of the Waste Management Plan for County Kildare and any variations thereof.
- 7.5.6 Where the permit holder provides a commercial or industrial premises with a door-to-door collection service for residual waste they shall make available to that premises a separate collection service for dry recyclable wastes from the date of grant of this permit.
- 7.5.7 The permit holder shall ensure that a separate system for kerbside collection of organic waste from commercial and industrial premises shall be implemented by 2010 to achieve the targets in the "EU Landfill Directive (1999/31/EC) for Diversion of Biodegradable Waste from Landfill". Details on the collection of organic waste shall be submitted in writing to Kildare County Council by the 31st December each year.
- 7.5.8 The charging system for organic waste shall incentivise businesses to participate in source segregation of organic waste. The frequency of collection must ensure the organic waste is suitable for further biological treatment.

7.6 Midlands No specific conditions for this region

7.7 Mid West

- 7.7.1 The time(s) of waste collection in the central commercial districts of Limerick City, Tralee and Killarney shall have to be agreed in writing with the relevant Local Authority or Town Council, in advance of any waste collection.

7.7.2 Waste must be collected from a customer's premises or a location adjacent to a customer's premises unless otherwise agreed with the relevant Local Authority

COMMERCIAL AND INDUSTRIAL WASTE

7.7.3 All receptacles used for the collection of commercial and industrial waste (residual, dry recyclables and organic waste) must be wheeled hinged lid bins, which shall comply with standard I.S. EN840 parts 1-6

7.7.4 Where residual waste is collected, a separate system for kerbside collection of organic waste from commercial and industrial premises shall be commenced by 1st January 2009 and be implemented by 2010 in accordance with the Table 1, below. Details of compliance with the requirements of Table 1 of the Schedule shall be submitted in writing at the request of Limerick County Council.

TABLE 1
Schedule for Segregated Organic Waste Collection for Commercial Collections.

| Date | Target |
|------------------------------|--|
| 1st January 2009 | 50% Diversion of Commercial Organic Waste from Landfill |
| 1 st January 2010 | 100% Diversion of Commercial Organic Waste from Landfill |

HOUSEHOLD WASTE- BULKY GOODS

7.7.5 The Permit Holder **is permitted** to collect bulky waste items of household waste for recovery, reuse, recycling or disposal, that are generally too large to be accommodated in a domestic wheeled bin.

Bulky Waste may only be collected by previous arrangement with a householder. It shall be the responsibility of the permit holder to inform the customer about collection arrangements. Prior to collection the waste shall be stored within the curtilage of the customer's dwelling.

HOUSEHOLD WASTE (excluding bulky goods)

PAY BY USE

7.7.6 Household waste shall only be collected in accordance with a Pay by Use system from the date of grant of this permit. To comply with this requirement a Pay by Lift, Pay by Tag, Pay by Weight system is acceptable. Systems relying on a flat charge are not acceptable. The system shall provide a clear explanation of the calculation of the waste charge and should provide an incentive for the customer to minimize residual waste. The permit holder shall forward a breakdown of the waste charge to the customer with the invoice or prior to renewal of contract and in any event at intervals not greater than six-month. This breakdown must identify in particular the proportional element of the charge and in cases where Pay by Weight is being used the weight per lift shall be included. In cases of Pay by Lift or Pay by Tag systems, the record of the number of lifts shall be included. All other charges should also be clearly identified on the invoice.

Details of the requirement for a Pay by Use system shall be submitted in writing for confirmation of compliance with this permit to the nominated authority within 6 weeks of the grant of this permit.

No household waste may be collected six months after issue of this permit unless the nominated authority has confirmed in writing that the Pay by Use system of the permit holder is in compliance with this permit.

DRY RECYCLABLE COLLECTION

7.7.7 No household waste shall be collected unless a separate dry recyclable collection system is in place. Dry Recyclables shall only be collected in wheeled hinged lid bins which shall comply with standard I.S. EN840 parts 1-6. The dry recyclable collection shall include materials listed in Appendix D.

Details of this requirement for a separate dry recyclable collection system shall be submitted in writing for confirmation of compliance with this permit to the nominated authority within 6 weeks of the grant of this permit.

The ease of use and the extent to which it encourages the householders to divert waste from landfill and towards high quality recycling are some of the more important criteria that will be used by the nominated authority to assess suitability of the separate dry recyclable collection.

The minimum criteria for approval of the separate dry recyclable collection are as follows: -

- (a) The dry recyclable capacity offered must be at least equal to the residual waste capacity offered
- (b) The separate dry recyclable capacity must be available to the householder at the commencement of the contract with the householder
- (c) The collection system must facilitate ease of use for the householder
- (d) The collection must not be a source of littering
- (e) The collection system must provide an incentive for the householder to recycle.

No household waste may be collected six months after issue of this permit unless the nominated authority has confirmed in writing that the dry recyclable collection system of the permit holder is in compliance with this permit.

RESIDUAL WASTE

- 7.7.8 Residual waste shall only be collected in wheeled hinged lid bins which shall comply with standard I.S. EN840 parts 1-6, unless other wise agreed with the local authority. Where a permit holder has an approved Pay by Use system, which includes the use of bags for residual waste, these bags must only be collected in wheeled hinged lid bins
Residual Waste may only be collected by previous arrangement with a householder. It shall be the responsibility of the permit holder to inform the customer about collection arrangements. Prior to collection the waste shall be stored within the curtilage of the customer's dwelling or in accordance with Waste Presentation Bye-Laws.

ORGANIC WASTE

- 7.7.9 Permit Holders will only be permitted to collect household waste after 1st September 2009 where a separate organic waste collection system, which complies with the requirement of Table 1 of the Schedule is in place.
Details of the requirement for a separate organic waste collection system must be submitted in writing for confirmation of compliance with this permit to the nominated authority within six weeks of the grant of this permit. Subsequent phases must be submitted three months in advance of the target deadline.
Organic waste collections must initially focus on suitable urban and suburban areas and medium to large towns as listed in Table 2 of the Schedule.(medium to large towns are described as those with a population over 800 persons see Table 5 CSO 2006).
Organic waste shall only be collected in wheeled hinged lid bins which shall comply with standard I.S. EN840 parts 1-6.
The charging system for organic waste shall incentivise households to participate in source segregation of organic waste. The frequency of collection must ensure the organic waste is suitable for further biological treatment.
Where a waste contractor intends to provide a collection service for a householder who has an existing segregated organic collection, then this contractor must provide the equivalent segregated organic collection to householder unless otherwise agreed in writing with the Local Authority.
No household waste may be collected six months after issue of this permit unless the nominated authority has confirmed in writing that the organic waste collection system of the permit holder is in compliance with the permit.

EDUCATION AND AWARENESS

- 7.7.10 The permit holder shall notify Limerick County Council and all persons availing of their domestic waste collection activities of the frequency of collection, a minimum of 10 working

days in advance of any alternative arrangements made for collection in relation to public holidays etc or any proposal to cease or reduce the level of collection.

The permit holder shall implement an education and awareness programme in relation to waste management for householders. The programme shall be submitted to the nominated authority for review and approval within six weeks of the grant of this permit.

The programme shall include, unless otherwise agreed with Limerick County Council:

- (a) Timetable for implementation of the education and awareness programme including a door-to-door campaign initially targeting customers moving to segregated organic collection.
- (b) This segregated organic collection must be a four month awareness campaign commencing on the 1st May 2009 and should focus on what should be included in the organic bin and what will contaminate an organic bin.
- (c) Details of mail-shots and leaflet drops at least two per annum of which one must deal with dry recyclable and these should be forwarded to customer with invoice run.
- (d) Details of newspaper advertisements of which one must deal with the additional waste materials accepted following the Christmas period. The size of this ad must be of the order of 8" x 3".
- (e) Details of a customer help-line including details of staff training.
- (f) Procedures for rejected/contaminated materials.

The permit holder shall send a copy of all promotional material to the Environment Department, Limerick County Council, County Hall, Dooradoyle, Co. Limerick.

Appendix D

MINIMUM LIST OF WASTE TYPES TO BE INCLUDED IN DRY RECYCLABLE COLLECTION.

| | |
|--|---|
| Newspapers Magazines, mailshots & Office Paper | √ |
| Cardboard (cereal boxes Washing powder boxes) | √ |
| Plastic Bottles (drinks, shampoos) | √ |
| Tetrapaks | √ |
| Cans & Tins (Drinks cans, Tinned Food cans) | √ |
| Plastic Film/Packaging | √ |
| Glass(Optional) | * |

* Glass must be collected separately when collected due to its contamination effect on paper waste.

TABLE 1

Schedule for Segregated Organic Waste Collection for Households

| Date | Target |
|--------------------------------|---|
| 1 st September 2009 | 20% of Households must have segregated organic collection in each local authority area and shall be primarily located the areas listed in Table 2 below |
| 31 st Dec 2010 | 40% of Households must have a segregated organic collection in each local authority area and shall be primarily located the areas listed in Table 2 below as well as the remaining medium to large towns* |

*medium to large towns (medium to large towns are described as those with a population over 800 persons see Table 5 CSO 2006).

TABLE 2

| Local Authority | Organic Waste Collection Areas |
|-----------------|---|
| Limerick City | All of Limerick City excluding areas involved in the North and South side regeneration schemes. |
| Limerick County | Areas covered by the Castletroy & Southern Environs Local Area Plans as well as Newcastle West, Abbeyfeale & Kilmallock |
| Clare County | Ennis, Suburban Area adjoining Limerick City |
| Kerry County | Tralee, Killarney, Listowel, Castleisland & Dingle |

7.8 North East

7.8.1 Notwithstanding any other condition in this permit, the Permit Holder must carry out waste collection activities in County Louth in accordance with the policies and objectives of the North East Region Waste Management Plan for 2005-2010 which include any amendments and replacement plans.

7.8.2 Household waste shall only be collected in accordance with an acceptable use related charging system which can include an element to recover fixed costs. Acceptable systems are as follows:

- (a) Pay by Weight System – a fixed charge per kg collected
- (b) Pay by Lift System – a fixed charge per bin lift based on bin size
- (c) Pay by Lift and Weight – a combination of the above

A pay by weight system must include electronic chipping of bins. A pay by lift system must include either electronic chipping or a pre-paid tagging system.
A fixed annual fee varying only with bin size/ frequency of collection is not acceptable.

7.8.3 Notwithstanding any other condition in this permit, the Permit Holder must carry out waste collection activities in County Louth in accordance with any bye-laws that are in place in County Louth.

7.8.4 No household waste may be collected six months after issue of this permit unless Louth County Council has confirmed writing that the use related charging system of the permit holder is in compliance with this permit.

7.9 South East

7.9.1 The Permit Holder shall implement and maintain a separate system for kerbside collection of dry recyclables from domestic premises within the functional area of Waterford City Council and in accordance with 'Bye-laws for the Storage, Presentation and Segregation for the purpose of an in the course of the Collection of Household waste 2008'. Details of compliance with this requirement shall be submitted to Waterford City Council within 1 month of the date hereof.

7.9.2 The Permit Holder shall implement and maintain a separate system for the kerbside collection of biodegradable waste from domestic premises within the functional area of Waterford City Council and in accordance with its 'Bye-laws for the Storage, Presentation and Segregation for the purpose of and in the course of the Collection of Household waste 2008'. The Permit holder shall ensure that this fraction is separately collected in its entirety, not mixed or remixed with any other waste fraction, and transferred to an appropriately permitted facility. Details of compliance with this requirement shall be submitted to Waterford City Council within 1 month of the date hereof.

7.9.3 The permit holder shall ensure that source separated domestic waste, collected within the functional area of Waterford City Council, shall not be mixed or remixed during collection.

7.9.4 The Permit Holder shall operate a charging regime, within the functional are of Waterford City Council, in accordance with the Joint Waste Management Plan for the South East Region, to ensure optimum segregation for the purpose of and in the collection of waste by implementing a 'pay by use' system which maximises waste recycling/recovery and minimises residual waste. Full details of this charging regime shall be submitted to Waterford City Council within 1 month from the date hereof.

7.10 Wicklow No specific conditions for this region
